

## Wild River State Park

### Fungi List

| Scientific Name                             | Common Name               | Status |
|---|---------------------------|--------|
| <i>Arachnion album</i>                      | Granular Puffball         |        |
| <i>Artomyces pyxidatus</i>                  | Crown-tipped Coral        |        |
| <i>Boletinellus merulioides</i>             | Ash-tree Bolete           |        |
| <i>Boletus bicolor</i>                      | Two-colored Bolete        |        |
| <i>Boletus pallidus</i>                     | Pallid Bolete             |        |
| <i>Boletus pulverulentus</i>                | Ink Stain Bolete          |        |
| <i>Boletus sensibilis</i>                   | Curry Bolete              |        |
| <i>Bovista pila</i>                         | Tumbling Puffball         |        |
| <i>Bovista sp.</i>                          | True Puffballs            |        |
| <i>Camarops petersii</i>                    | Dog's Nose Fungus         |        |
| <i>Chalciporus piperatus</i>                | Peppery Bolete            |        |
| <i>Chionosphaera apobasidialis</i>          | fungus                    |        |
| <i>Chromelosporium sp.</i>                  | fungus                    |        |
| <i>Clavaria sp.</i>                         | fungi                     |        |
| <i>Clitopilus prunulus</i>                  | Sweetbread Mushroom       |        |
| <i>Cordyceps sp.</i>                        | fungus                    |        |
| <i>Cortinarius lucorum</i>                  | webcap                    |        |
| <i>Cortinarius sp.</i>                      | Webcaps                   |        |
| <i>Cyathus striatus</i>                     | Fluted Bird's Nest Fungus |        |
| <i>Dacryopinax elegans</i>                  | fungus                    |        |
| <i>Dictyophora duplicata</i>                | Netted Stinkhorn          |        |
| <i>Gyroporus castaneus</i>                  | Chestnut Bolete           |        |
| <i>Hemileccinum subglabripes</i>            | Smoothish-stemmed Bolete  |        |
| <i>Hydnobolites sp.</i>                     | fungus                    |        |
| <i>Hygrophoropsis aurantiaca</i>            | False Chanterelle         |        |
| <i>Hysterangium sp.</i>                     | fungi                     |        |
| <i>Inonotus dryophilus</i>                  | fungus                    |        |
| <i>Lactarius piperatus var. glaucescens</i> | Peppery Milkcap           |        |
| <i>Lepiota sp.</i>                          | fungus                    |        |
| <i>Mycena inclinata</i>                     | Clustered Bonnet          |        |
| <i>Mycorrhaphium adustum</i>                | Kidney-shaped Tooth       |        |
| <i>Orbilia auricolor</i>                    | fungus                    |        |
| <i>Otidea onotica</i>                       | Hare's Ear                |        |
| <i>Otidea sp.</i>                           | fungus                    |        |
| <i>Pachyphloeus citrinus</i>                | Lemon Pachyphloeus        |        |
| <i>Pachyphloeus thysellii</i>               | fungus                    |        |
| <i>Panellus serotinus</i>                   | Late Oyster Mushroom      |        |
| <i>Paragyrodon sphaerosporus</i>            | Leather Veiled Bolete     |        |
| <i>Phleogena sp.</i>                        | Fenugreek Stalkball       |        |
| <i>Phylloporus rhodoxanthus</i>             | Golden Gilled Bolete      |        |
| <i>Phyllotopsis nidulans</i>                | Orange Mock Oyster        |        |
| <i>Puccinia violae</i>                      | Violet Rust               |        |
| <i>Ramaria argentea</i>                     | fungus                    |        |
| <i>Ramaria myceliosa</i>                    | coral fungus              |        |
| <i>Ramaria sp.</i>                          | coral fungus              |        |
| <i>Sebacina sp.</i>                         | fungus                    |        |

## Wild River State Park

### Fungi List

| Scientific Name              | Common Name             | Status |
|------------------------------|-------------------------|--------|
| <i>Suillus granulatus</i>    | Dotted-stalked Suillus  |        |
| <i>Tuber sp.</i>             | truffle                 |        |
| <i>Tuberaceae</i>            | fungus                  |        |
| <i>Tylopilus intermedius</i> | Bitter Parchment Bolete |        |
| <i>Xerocomus rubellus</i>    | Ruby Bolete             |        |
