Malmberg Prairie SNA

Malmberg Prairie SNA

Malmberg Prairie SNA

Notes from Minnesota DNR

Directions: From Crookston 9 miles W on Co Hwy 9, then 2 miles S on Co Hwy 56, then 0.25 mile E on gravel road. Park on S shoulder.

Lat/Lon: 47.731517, -96.819334

Directions and Notes from The Nature Conservancy

Southwestern From Crookston, drive south on U.S. Highway 75 for eight and one-half miles until you reach the intersection with Polk County Road 45, just outside of Eldred. Turn right on Polk County Road 45 and travel two-and-one-half miles to the intersection with County Road 56. Turn right, and drive two-and-one-half miles north. You will see The Nature Conservancy signs posted at the southwest corner of the preserve.

Or, from Crookston, drive west eight miles on County Road 9 from where it intersects with U.S. 75. Then, turn left at the intersection with County Road 56 and continue for two miles to reach the northwest corner of the preserve.

Notes from MinnesotaSeasons.com

This small prairie has never been cultivated. It is a mosaic of mesic prairie and wet prairie with small pockets of cattail marsh.

Parking

N47 43.893, W96 49.423

The Minnesota DNR Web page for this site recommends parking on the south shoulder at the northeast corner of the site. However, the road is narrow, the shoulder is nonexistent, and the drop-off is steep. The only parking spot for this SNA is the field approach on the south side of 300th Street. It is near the northwest corner of the preserve. It is deeply rutted. Once on, a vehicle without four-wheel drive may have difficulty backing off.
